SKILLS

- JavaScript, TypeScript, React, HTML, CSS, SASS/SCSS
- Node.js · Python/Flask · PHP/Laravel · Java/Spring Boot
- APIs · logique applicative · Bash · CMD · PowerShell
- PostgreSQL · MariaDB · MongoDB · Neo4j
- Scrum/Agile · code review · debugging · QA · maintenance applicative · clean code

ÉDUCATION

Cégep Du Vieux Montréal
Montreal, QC · 10/2022

Diploma of College Studies (DEC):
Computer Science

Cégep Du Vieux Montréal
Montreal, QC · 05/2021

Diploma of College Studies (DEC)-
Not Completed: Electronics
Technology

CERTIFICATIONS

HISTORY

Panassor - Cofondor, Secretary & CTO

Remote · 12/2024 - Current

- **Designed and maintained internal systems** related to sales, inventory, meetings, and operational resources.
- **Handled administrative and operational coordination**, including meeting planning, internal resources, organizational support, R&D, and production cycle planning.
- **Developed electronic product prototypes**, including circuits, microcontrollers, LED systems, hardware testing, and integration.

Blax - Full Stack Developer

Remote · 04/2023 - 11/2024

- **Debugged and stabilized web products** after release, handling approximately **80% of bug fixes** on a major client project.
- **Improved and maintained core components** of the web ecosystem, including a shared library, a **custom CMS**, **frontend development support**, and knowledge sharing within the team.
- **Developed custom solutions for multiple clients**, ranging from frontend JavaScript features to complex object-oriented structures, with technical support tailored to project needs.

Micro Focus Software Development - Java Developer

Remote · 03/2022 - 05/2023

- **Developed internal support tools** in an enterprise software environment using Java and React.
- **Contributed to the analysis and evolution of use cases** based on the needs of different teams.
- Participated in a **Scrum/Agile environment with mentorship**, code reviews, and hands-on learning of structured team development practices.

- Incident Responder - Octobre 2020 - PagerDuty
